

Hi,
People say
reliability often
comes at a price.
Not now.

brother®
at your side

Working with you for a better environment
www.brotherearth.com

Brother strongly recommends the use of genuine Brother consumable products only. Benefits include better quality print, greater yields per consumable, protection of your machine from damages and achievement of optimum performance. As a precaution, please note that your machine warranty may not cover any damages arising from the use of non-genuine consumables.

My outstanding values run in the family.

Reliable

Indulge in a smooth printing experience that prevents paper jam with Brother's Hassle-free Printing Technology. Built for durability and robustness, the new monochrome laser printer and Multi-Function Centre series is designed in Japan to keep on performing.

Prevents Paper Jam with Brother's Hassle-free Printing Technology

Before: Short side guide may cause paper skew

After: Longer side guide prevents paper skew

Unique rubber material prevents dust from sticking onto the rollers. Dual roller system improves paper feeding by picking one sheet at a time.

A short paper path enables smooth printing and prevents paper from getting stuck.

Affordable

With low-priced hardware and genuine consumables, the Brother Monochrome Laser Printer and Multi-Function Centre series offers approximately 1,000 prints* without compromising on quality. Unlike most printers, the Brother series features a separate toner cartridge and drum unit. This means you only need to replace one component at a time, giving you significant cost savings. All these features are packed in a light and compact printer, made possible due to Brother's expertise in printing technology.

Efficient

With print speeds of up to 20 pages per minute, you will be able to get quality prints fast. The Automatic Document Feeder (ADF)* allows you to copy, scan and fax up to 10 pages at once. And with the 2-in-1 ID Copy feature, you will be able to copy both sides of a ID card onto one page at a touch of a button.

Increase productivity with 20 pages per minute print speed

Increase convenience with Automatic Document Feeder

Increase productivity with 2-in-1 ID Copy function
