

WIRELESS N ROUTER

Parental control to supervise Internet activity

Firewall protection for your network

Works with wireless 802.11b/g adapters

UPGRADE YOUR NETWORK

The D-Link DIR-615 Wireless N Router provides better wireless signals for your network than existing wireless 802.11g technology. Upgrading your home to Wireless N provides an excellent solution for sharing an Internet connection and files such as video, music, photos, and documents. D-Link Wireless N products use Intelligent Antenna technology to transmit multiple streams of data which enable you to receive wireless signals in the farthest corners of your home. Not only does D-Link's Wireless N technology extend your wireless range, it also works with your existing 802.11g and 802.11b wireless devices.

EASY TO SET UP

The D-Link Quick Router Setup utility quickly configures your new Wireless N Router to get you up and running in minutes. Our D-Link Quick Router Setup walks you step by step through the installation process to configure your Internet connection, wireless network settings and security, and everything else you need to get your network up and running so that you don't have to be a networking expert to get it set up.

EASY TO SECURE

The DIR-615 supports the latest wireless security features to help prevent unauthorized access, be it from over a wireless network or from the Internet. Support for WEP, WPA and WPA2 standards ensure that you will be able to use the best possible encryption, regardless of your client devices. In addition, this Wireless N Router utilizes dual active firewalls (SPI and NAT) to prevent potential attacks from across the Internet.

Delivering great wireless performance, network security and coverage, the D-Link DIR-615 Wireless N Router is ideal for upgrading your existing wireless home network.

WHAT THIS PRODUCT DOES

Create a wireless network to share high-speed Internet access with computers, game consoles, and media players from greater distances around your home.

FEATURES AND BENEFITS

This Wireless N Router uses draft 802.11n technology with multiple intelligent antennas to maximize the speed and range of your wireless signals to significantly outperform 802.11g MIMO devices¹. The antennas on the Wireless N Router make use of your home's environment by bouncing multiple wireless signals off walls and ceilings to work around obstructions and help eliminate dead spots.

- + Secure wireless network using advanced WEP, WPA, or WPA2 encryption
- + Easy to get started with D-Link Quick Router Setup Utility
- + Backward compatible with 802.11g and 802.11b devices including game consoles and digital media player

YOUR NETWORK SETUP

STANDARDS

- + IEEE 802.11n (draft)
- + IEEE 802.11g
- + IEEE 802.11b
- + IEEE 802.3
- + IEEE 802.3u

DEVICE INTERFACES

- + 4 10/100 LAN Ports
- + 1 10/100 WAN Port

ANTENNAS

Dual external 2dBi Gain reverse SMA antennas

SECURITY

- + 64/128-bit Wired Equivalent Privacy (WEP) data encryption
- + Wi-Fi Protected Access (WPA, WPA2)

ADVANCED FIREWALL FEATURES

- + Network Address Translation (NAT)
- + Stateful Packet Inspection (SPI)
- + VPN Pass-through / Multi-sessions PPTP / L2TP / IPSec

DEVICE MANAGEMENT

Internet Explorer v6 or later; Mozilla Firefox v1.5 or later; or other Java-enabled browsers

POWER INPUT

DC 5V 2.5A, through external power adapter

DIMENSIONS

193 x 116.8 x 30.5 mm (7.6 x 4.6 x 1.2 inches)

WEIGHT

940 grams (0.7 lb)

OPERATING TEMPERATURE

0° to 40° C

STORAGE TEMPERATURE

-20° to 65° C

OPERATING HUMIDITY

10% to 90%

STORAGE HUMIDITY

5% to 95%

CERTIFICATIONS

- + FCC Class B
- + IC
- + CE

¹ Maximum wireless signal rate derived from IEEE standard 802.11g and draft 802.11n specifications. Actual data through put will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network over head, lower actual data through put rate. Environmental factors will adversely affect wireless signal range. Wireless range and speed rates are D-Link relative performance measurements based on the wireless range and speed rates of a draft 802.11n product from D-Link.

² Computer must adhere to Microsoft's recommended System Requirements.

³ The software included with this product is not Mac-compatible.

⁴ Latest software and documentation are available at D-Link websites.

This product is based on IEEE draft 802.11n specifications and is not guaranteed to be forward compatible with future versions of IEEE 802.11n specifications. Compatibility with draft 802.11n devices from other manufacturers is not guaranteed. All references to speed and range are for comparison purposes only. Product specifications, size, and shape are subject to change without notice, and actual product appearance may differ from that depicted herein.
