- Wi-Fi Network (802.11n¹)
- mydlink app support

Free Mobile App

- Scheduling
- Smart remote control
- Push notifications

Convenience

- Wi-Fi Protected Setup (WPS)
- Compact size

Overview

The DSP-W110 mydlink Wi-Fi Smart Plug is a multi-purpose, compact, and easy-to-use device that allows you to monitor and control your home's electronic devices from anywhere. The mydlink mobile app will let you turn devices on/off, create on/off schedules and set up alerts.

Control Your Devices from Anywhere

Set a schedule that turns your TV off when you're asleep. Ensure the lights in the office aren't left on. The handy mydlink smartphone app will allow you to switch your device on or off remotely and change your energy use schedules on-the-go, so you don't have to worry about leaving devices on when you're away.

Easy to Setup, Easy to Use

Simply push the Wi-Fi Protected Setup (WPS) button on the DSP-W110 and on your home mydlink router, to establish a secure connection. Follow the instruction on the myHome app to complete the installation.

Stay Informed

The mydlink smartphone app will send you customized notifications letting you know when it turns a device on/off.

Order Information

Part Number	Description
DSP-W110	• mydlink Wi-Fi Smart Plug

¹Maximum wireless signal rate derived from IEEE 802.11n specifications. Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate. Environmental factors will adversely affect wireless signal range

²Keep the DSP-W110 away from wet environments.
