## WIRELESS N 150 USB ADAPTER

Enhanced wireless reception

Better wireless technology - up to 4X faster than standard Wireless G<sup>1</sup>

Connect a notebook or desktop PC to a wireless network

### UPGRADE YOUR WIRELESS ADAPTER

D-Link® introduces the Wireless N 150 USB Adapter (DWA-125), which delivers high performance wireless connectivity with better wireless reception over standard Wireless G adapters<sup>1</sup>. Upgrading your notebook or PC with the D-Link Wireless N 150 USB adapter will provide an excellent solution for experiencing better wireless performance and faster connection to a high-speed wireless network.

### ENHANCED WIRELESS RANGE

Using Wireless N technology, the DWA-125 provides optimal wireless performance and faster file transfers, which enable you to receive better reception across your home. Not only does the D-Link Wireless N 150 technology extend your wireless range, it is also compatible with previous-generation Wireless G devices.

### EASY TO SET UP

The DWA-125 makes it easy to set up and connect to your home or office wireless network without professional installation. The DWA-125 includes a Quick Adapter Setup Installation Wizard<sup>4</sup> CD-ROM, which walks you through the easy step-by-step installation process to configure your new DWA-125 Adapter in minutes. Also included is the Wireless Connection Manager that simply adds and saves the settings for the networks you frequent most.

### EASY TO USE

The DWA-125 easily connects your desktop or notebook computer with an available USB port<sup>5</sup> to your wireless network for Internet access and file sharing. Desktop users can easily add wireless connectivity without having to open the PC case. By using the included desktop cradle, the DWA-125 can be placed on your desk for optimal performance. Notebook users will enjoy the compact form factor that allows you to upgrade to Wireless N 150 technology and get better range.

### WHAT THIS PRODUCT DOES

Connect your desktop or notebook computer to a wireless network and access a high-speed Internet connection, transfer files, and stream media from greater distances around your home than previous-generation Wireless G technology<sup>1</sup>.

### WHY WIRELESS N 150 IS BETTER

This Wireless N 150 USB Adapter uses Wireless N technology to greatly improve the speed and range of your wireless signal. It significantly outperforms previous generation Wireless G devices<sup>1</sup> and is designed to work around obstructions.

<sup>1</sup> Maximum wireless signal rate derived from IEEE Standard 802.11 specifications when used with related Wireless N 150 devices. Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate. Environmental factors will adversely affect wireless signal range. Wireless range and speed rates are D-Link RELATIVE performance measurements based on the wireless range and speed rates of a standard Wireless G product from D-Link. Maximum throughput based on D-Link Wireless N devices.

<sup>2</sup> 1-Year Limited Warranty available only in the U.S.A. and Canada.
