

KeyCover™ Hard Shell Keyboard for iPad®

K39774AB

Product Description

Snap your iPad into the Kensington KeyCover and you'll be adding a protective, stylish aluminum case plus the productivity of a wireless Bluetooth® keyboard. The Kensington KeyCover Hard Shell iPad Keyboard beautifully complements the aluminum back of your iPad for the perfect combination of aesthetics and 360° hard-shell protection with extra protection for the iPad corners. The anodized soft-touch finish resists fingerprints and smudges so it always looks smart. And the bottom feature rubber feet that not only add stability but ensures that the KeyCase KeyCover doesn't get scratched or damaged. Inside, the KeyCover features a wireless Bluetooth keyboard with high-performance keys optimized for the touch typist. Nothing makes emailing, surfing the web, and working easier and more satisfying than a real, high-performance keyboard. And the touch-typist optimized keyboard on the KeyCover really delivers. What's more, the tactile keyboard with shortcut keys help you work more efficiently. There's even built-in protection to shield your iPad Retina display from scratches. Snap your iPad 4 gen, iPad 3rd gen or iPad 2 into the KeyCover in either landscape or portrait modes and get ready to enjoy hands-free viewing of videos, movies and games. For added convenience, the KeyCover automatically wakes your iPad when you open it and puts it to sleep when you close the cover. And of course, the KeyCover fits your iPad perfectly and maintains access to all ports, speakers and both front and rear camera. Protect your iPad, maximize your productivity and add a flash of beautiful brushed aluminum with the Kensington KeyCover Hard Shell iPad® Keyboard.
