## STAY CONNECTED TO YOUR PHONE VIA BLUETOOTH SMARTWATCH WITH ACTIVITY AND SLEEP TRACKER

I tell time

I ring and vibrate on incoming calls

Answer or reject calls directly from your wrist

I notify you of incoming SMS, emails and social media activity

I track your steps, calories burned, distances traveled and hours slept

Set up your daily goals and reminders

Follow your performance and progress on the free app

ZeBracelet<sup>2</sup> is a smartwatch that keeps you connected to your phone via Bluetooth. On incoming calls, ZeBracelet<sup>2</sup> rings and vibrates, displaying the caller number and/or contact on its OLED screen. You can easily answer or reject calls thanks to its intuitive side buttons and integrated speaker and microphone. ZeBracelet<sup>2</sup> also alerts you of missed calls, incoming SMS, email, social media notifications and calendar events. ZeBracelet<sup>2</sup> lets you stream music from your paired device and features an anti-lost alarm that alerts you with a gentle vibration when your phone is away. Equipped with a 3-axis accelerometer that tracks steps taken, calories burned, distance traveled and hours slept, ZeBracelet<sup>2</sup> allows you to check your activity level in real-time. Users can sync their activity data, set up daily goals and reminders, follow their performance and progress using the free mobile app - available on the App Store, Google Play and Windows Phone Store - or the dedicated Mac / PC software. With ZeBracelet<sup>2</sup> on your wrist, you will stay connected, motivated and active throughout the day !
