

# SmartWatch 2

## Made for Android

World's first Android compatible SmartWatch with One-touch NFC.

### The perfect Android wireless accessory

If your smartphone is Android, this is the watch for you. SmartWatch 2 expands your Android experience and introduces new and exciting ways to live and communicate. Interacting with your smartphone over Bluetooth®, SmartWatch 2 mirrors what is happening in your life. Choose from a wide variety of SmartWatch 2 apps available at Google Play and be among the first to adopt a SmartWatch lifestyle.

### In detail

#### SmartWatch living

With your SmartWatch 2, you can keep on top of things without taking your phone out of your pocket or bag. Get notifications. Control your music. See who's calling. When a call, message or other notification comes in, such as SMS or a Facebook update, your Sony SmartWatch 2 acts as an Android smartphone remote and gently vibrates on your wrist to let you know. SmartWatch 2 is useful and fun, and keeps you tapped in on what's happening.

#### Within reach

On your wrist, you have text/chat messages, email, calendar, call log, Facebook, Twitter, Gmail and more. If you are a busy communicator, you will appreciate how SmartWatch 2 keeps you conveniently in the know at a glance. A multi-layer color touchscreen lets you browse and read all your notifications.

#### Anywhere. Any weather

SmartWatch 2 is the wireless accessory that has something for everybody. If you are a busy communicator, you will appreciate being on top of everything. If

you like to get out running, you can use SmartWatch 2 as a remote control for your smartphone and your fitness apps. If it rains, you can keep on going because SmartWatch 2 can take the rain. For bright and sunny days, SmartWatch 2 has an impressive sunlight-readable display. Take it anywhere.

#### One-touch NFC

Out of the box, pair your SmartWatch 2 with your NFC-capable smartphone by touching one device on the other, instantly and easily. If the two devices have been out of Bluetooth range of each other, it is easy to reconnect. One touch is all it takes. For smartphones without NFC, use standard Bluetooth pairing process.

#### Android compatible

SmartWatch 2 works with smartphones and tablets running Android 4.0 or later. Software updates are available as new apps and devices become available. Enjoy a SmartWatch 2 experience that gets better and more exciting over time.

#### Apps available

You will find a wide variety of SmartWatch 2 apps for download from Google Play, with everything from productivity tools to fitness and entertainment apps. You can organize the icons on your SmartWatch 2 home screen as you want. Expand your Android life and enjoy new experiences as more SmartWatch 2 apps become available.

#### Style watch

In addition to being the ideal companion product for your smartphone, Smartwatch 2 is a stylish watch on its own, with built-in functions including alarm, timer and flashlight, as well as several watch faces and themes from which to choose. SmartWatch 2 comes with a stylish, comfortable wristband. Other wristbands, including leather and metal options, are available as optional accessories. If you have something else in mind, that's fine, because SmartWatch 2 can use any standard 24 mm wristband.

## SmartWatch 2
